

GRIMALDI LINES NEW SERVICES
effective from 16/01/2012

Dear Customer,

On behalf of **GRIMALDI GROUP** we are pleased to announce the following updated new services and itinerary that will continue to improve our overall connections to and from Malta.

- **CIVITAVECCHIA / MALTA / CIVITAVECCHIA -
m/v Eurocargo Venezia & m/v Eurocargo Malta**

This route will be served by two direct and quicker sailings performed by the dedicated vessels m/v Eurocargo Venezia and m/v Eurocargo Malta. These vessels, the newest ro/ro ships in the Mediterranean, will also continue to guarantee a punctual, as well as a regular Liner Service from/to Genova and Catania.

- **SALERNO / MALTA – m/v ‘Translubeca’**

A direct service from the port of Salerno to Malta will be introduced with the deployment of the m/v Translubeca, offering a later departure from Salerno every Saturday at 22.30 hours with a very early arrival at Malta on Monday at 0400 hours. This additional and dedicated service will offer another option for the RoRo traffic and time sensitive cargoes, and will offer plenty of cabins and nice accommodation onboard to drivers.

- **MALTA / LIBYA – m/v ‘Setubal Express’**

To support the continuing developments in Libya, Grimaldi Group is establishing Malta as a HUB port to connect regular RoRo traffic to the ports of Khoms and Benghazi. The introduction of this new Libya service will greatly enhance the possibilities of local shippers to extend their service network to the growing market in Libya.
